

STARVIEW™

SB, SSB & MS SERIES GENERAL PURPOSE SHUTTLE BLISTER SEALING MACHINES

**SSB2-1418 (upper left), SB1-1012 Table Top (upper right)
and MS2-2436 (lower right).**

- ★ **Table top and floor models offered**
- ★ **Single and two-station designs**
- ★ **Excellent for low volume users and cellular manufacturing**
- ★ **Wide range of seal areas**
- ★ **Heavy-duty Industrial design for long life**

Description

Starview's **SB, SSB & MS Series** Manual Shuttle Blister Sealers are designed and built for industrial applications. These machines are simply designed for ease of operator training and operation. An efficient heating system keeps power consumption low. This series machines can adapt to seal blister packages for a wide range of products by simply changing the tooling. These systems are competitively priced making them ideal for contract packagers or low volume equipment manufacturers. The SB, SSB & MS Series shuttle sealers will provide years of dependable performance with a minimum of maintenance.
